Digital Map Library

End User Agreement

This End User Agreement accompanies the DevInfo Digital Map Library product and related explanatory materials. The DevInfo Digital Map Library aims at supporting national partners and UN agencies in the production of maps to monitor human development. The map boundaries and related materials contained herein do not imply official endorsement or acceptance by the United Nations or any other entity. These digital maps were created for the sole use of the DevInfo initiative and its partners. By downloading data from the Digital Map Library you accept to use this information solely in partnership with the DevInfo initiative for non-commercial purposes in the promotion of the use of socio-economic data for monitoring human development. You agree to use reasonable effort to protect the digital maps and related materials from unauthorized use, reproduction, distribution, or publication.

Disclaimer

The DevInfo Digital Map Library is being delivered to you "AS IS" and the DevInfo Initiative makes no warranty as to its use or performance. The DevInfo Initiative does not warrant the source, performance, quality or results you may obtain by using the maps or documentation. In no event will the DevInfo initiative or its partners be liable to you for any consequential, incidental or special damages, including any incidents or claims by any third party.
